### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carmen Santa Maria on 6/7/2007.

The application has been amended as follows: In claim 1, in the 10<sup>th</sup> line of the claim, the phrase "the top surface including a depression that is offset in a direction of one of the perimeter surface sidewalls" has been changed to --the top surface including a depression having a center point that is offset in a direction of one of the perimeter surface sidewalls--.

In claim 10, line 14, the phrase "the top surface including a depression that is offset in a direction of one of the perimeter surface segments" has been changed to --the top surface including a depression having a center point that is offset in a direction of one of the perimeter surface segments--.

In claim 19, line 8, the phrase "a low point of the concavity" has been changed to --a center point of the concavity--. Also, in the last line, the phrase "the sidewalls forming the perimeter." Has been changed to --the sidewalls forming the perimeter, and the concavity receiving the shell of a reciprocating compressor."

In claim 3, in order to fix minor informalities, the phrase "wherein the offset mounting foot include a plurality of apertures and the means for assembling the

compressor to the offset mount foot include a plurality of threaded fasteners extending through the apertures to secure the compressor to the mounting foot” has been changed to --wherein the offset mounting foot includes a plurality of apertures and the means for assembling the compressor to the offset mounting foot includes a plurality of threaded fasteners extending through the apertures to secure the compressor to the mounting foot--.

In claim 12, in order to fix minor informalities, the phrase “wherein the offset mounting foot include a plurality of apertures and the means for assembling the compressor to the offset mount foot include a plurality of threaded fasteners extending through the apertures to secure the compressor to the mounting foot” has been changed to --wherein the offset mounting foot includes a plurality of apertures and the means for assembling the compressor to the offset mounting foot includes a plurality of threaded fasteners extending through the apertures to secure the compressor to the mounting foot--.
